

You are invited

to become an Advanced Stroke Life Support Provider

The AHA is offering an opportunity to become an ASLS Provider through a special training event.

The Advanced Stroke Life Support (ASLS®) Blended Learning Course educates healthcare professionals to identify, evaluate, and manage patients with stroke.

ASLS is appropriate for all in-hospital and prehospital healthcare professionals involved in the management of acute stroke patients and meets the education requirements for Stroke Center Certification.

Who Should Attend?

- Healthcare professionals who specialize in stroke care and are interested in advanced stroke education
- Current AHA ACLS Providers who are interested in becoming ASLS Providers
- Providers seeking ASLS training because their AHA Training Center is not planning to offer the discipline

Dallas, TX

Saturday March 21, 2026
